

Census 2000 Social, Economic and Housing Characteristics

This 60-page report documents results tabulated from the long-form questionnaire. Approximately 1-in-6 households received the long-form (19 million households nationwide). The results were statistically weighted to reflect the entire population.

This product is the result of a nationwide collaboration of State Data Centers, including Indiana, California, New York, Missouri, Massachusetts, Kansas, Oklahoma, Florida, Pennsylvania, and Arkansas. This bright and dedicated group of volunteers constructed a set of modules from the 814 tables in Summary File 3 that will provide users with the majority of tables for a specific area and in a value-added, straightforward and relatively compact manner.

The reports for Indiana were produced by the Indiana Business Research Center, Kelley School of Business, Indiana University, in its role as a state-level partner in the Indiana Data Center Program with the Indiana State Library, the Indiana Department of Commerce and the U.S. Bureau of the Census.

Customized tabulations from Summary File 3 are available upon request. Send email request to ibrc@iupui.edu or call the IBRC at 317-274-2979. Questions about the data can be directed to the Indiana State Library Data Center, 317-232-3733 or datacenter@statelib.lib.in.us.

* Total ancestries tallied is the total number of people reporting each specific ancestry either first or second in their response to the ancestry question. For example, someone responding "Irish-German-Dutch" is counted in both the Irish and German ancestry groups, but the third response is not tallied. Total tallies can be greater than the total population, even though many people left this question unanswered. This is the only question for which the Census Bureau did not impute any answers for non-respondents.

** Includes only people reporting "U.S." or "American" as their sole ancestry. For example, "Irish-American" is tallied only as "Irish".

*** Includes most reported ancestries which are equivalent to specific race & Hispanic/Latino groups, such as Cree, Thai, Samoan & Cuban.

(1) For Census 2000, persons could report more than one race, but the seven racial categories shown are mutually exclusive and include everyone.
 (2) Hispanic or Latino origin is NOT considered a race. People who reported themselves as Hispanic or Latino are also counted in the seven racial categories.
